Understanding Health Policy book. Read 7 reviews from the world's largest community for readers. Understand how the healthcare system works and how you can... Goodreads helps you keep track of books you want to read. Start by marking “Understanding Health Policy: A Clinical Approach” as Want to Read: Want to Read: Saving… Want to Read. Understanding Health Policy: A Clinical Approach is a book about health policy as well as about individual patients and caregivers and how they interact with each other and with the overall health system. We, the authors, are practicing primary care physicians—one in a public hospital and clinic and the other, for many years, in a private practice.
