colour (countable and uncountable, plural colours). Australia, Canada, Ireland, New Zealand, and Britain standard spelling of color.

colour (not comparable). Australia, Canada, Ireland, New Zealand, and Britain standard spelling of color. colour light signal. colour television. colourise (colourize). colourless. colourimeter. colour (third-person singular simple present colours, present participle colouring, simple past and past participle coloured). Difference Between Color and Colour. You might have noticed that there are other words with the same duality of spelling—words like honor, traveling, favorite, and the past tense of the verb spell. These variations in spelling exist because of differences between American English and British English. Color is the spelling used in the United States. Colour is used in other English-speaking countries. The word color has its roots (unsurprisingly) in the Latin word color. Color. Filter palettes. Projects. Collections. Style. Color. Your color will be available in the Color Inspector, that opens by clicking on a HEX value, under Favorites. Name. Color. This field is required. Color already saved. Save. Select image.
